EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Martin P. Endres on 10/07/04.

The application has been amended as follows:

Claim 12, line 2, the phrase "consists essentially of" has been amended to "consists of".

Claim 12, line 3, the phrase "consisting essentially of" has been amended to "consists of".

Claim 12, line 9, the phrase "consists essentially of" has been amended to "consisting essentially of".

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of the claims is the use of the transitional phrase "consists of". The cited reference does not teach an omeprazole without a separating layer. Lundberg teaches an oral pharmaceutical dosage form of omeprazole with the use of the same alkaline agent, but Lundberg teaches a water-soluble separating layer (see abstract, column 5, lines 39-44).

Art Unit: 1615

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 12-17 are allowed.
